Skilled worker (m/f/d) in Plant and Fixture Construction full-time

EPflex is one of the world's most important manufacturers of metallic components for minimally invasive medicine. With numerous patents and innovations, we are among the pioneers in our industry. With around 400 employees, we push the boundaries of minimally invasive surgery every day. For patients, this means shorter procedures, less pain and faster recovery.

YOUR TASKS

- Construction of devices and equipment according to drawings and instructions
- Maintenance of jigs and fixtures
- Creation of pneumatic plans
- Interdepartmental support
- Occasional business trips to other EPflex plants (Dettingen/Erms) or to suppliers

YOUR PROFILE

- Completed technical training (e.g. as mechatronics technician, precision mechanic, toolmaker or industrial mechanic) or comparable qualification
- Ideally first work experience in the field of plant engineering / construction or a comparable position
- Knowledge of reading and creating pneumatic circuit diagrams
- Independent work and pronounced quality awareness
- High motivation and ability to work in a team
