Technician / office staff (m/f/d) full-time

EPflex is one of the world's most important manufacturers of metallic components for minimally invasive medicine. With numerous patents and innovations, we are among the pioneers in our industry. With around 400 employees, we push the boundaries of minimally invasive surgery every day. For patients, this means shorter procedures, less pain and faster recovery.

YOUR TASKS

- Creation, maintenance and implementation of production-relevant documents (routings, bills of materials) as well as definition of machine groups
- Maintenance of material masters in the ERP system
- Planning, control and monitoring of in-house and external production
